Dear Friend:

Thank you for taking the time to select one of the sponsorship levels below. Your generous contribution will allow the Wilson Disease Association to continue its mission and ultimately realize its vision.

Since Wilson disease is an orphan disease that receives no government support, has no celebrity spokesperson, and receives little media attention, we must rely on those who understand the importance of the WDA's efforts. Thank you in advance for realizing the value of supporting our cause.

Sincerely,

Jean Perog  
President
